Lomlin Platinum comprising Western Platinum Limited (Reg. No. 1963/003539/06) and Eastern Platinum Limited (Reg No. 1987/070294/06)

S JACOBS  
Senior Manager  
Supply Chain Procurement & Warehousing

Yours faithfully

Ferrando.  
This system is currently being used by a large number of other Trading Partners and Lomlin would like you to join M2North. The process will ultimately reduce expediting costs, ensure timous receipt of orders (no more lost orders) and less faxing of orders. A nominal registration fee is charged. M2North can be contacted at 086 000 0628 – James Fairbrother or Sergio  
Example, if an order is sent to you and you do not respond (i.e. confirm / reject) within a designated time frame, the M2North system will raise an exception back to Lomlin indicating that the order has been responded to. Daily / weekly orders status reports are also available.  
As it is an electronic managed process M2North monitors the transactions to ensure that each Supplier receives and responds to electronic orders received.

Therefore, in an attempt to improve the efficiency of the ordering process between Lomlin (Western Platinum Ltd, Eastern Platinum Ltd, Karree mine and Messina Platinum Mine) and yourselves, we have decided to use the M2North electronic ordering system like we did prior to the implementation of SAP.  
You may be aware that Lomlin implemented the SAP system about 2 years ago. During the implementation stage we were advised that purchase orders to supplier are automatically sent via SAP. However we have received feedback from some of our suppliers who have highlighted certain inefficiencies in the systems.

Dear Lomlin Supplier
