25 November 2002

Dear Lonmin Supplier

In the attempt to improve the efficiency of the ordering process between Lonmin Platinum (Western Platinum Ltd, Eastern Platinum Ltd and Kame Mine) and yourselves, we have decided to use the M2North electronic ordering system.

As it is a managed process, M2North monitors the transactions to ensure that each Supplier receives and responds to electronic orders received.

I.e.: if an order is sent to you and you do not respond (i.e. confirm / reject) within a designated time frame, the M2North System will raise an exception back to Lonmin indicating that the order has not been responded to. Daily / weekly order status reports are also available.

This system is currently being used by a large number of other Trading Partners and Lonmin would like you to join M2North. This process will ultimately reduce expediting costs, ensure timeous receipt of orders (no more lost orders!) and less faxing of orders. A nominal registration charge is applicable and M2North can be contacted at (011) 150 1802 - James Fairbrother or Robert Aitken.

Yours faithfully

H DE JONGE
GENERAL MANAGER
